"Contemporary designed property located in down town Porto Cervo affording stunning sea views, with privacy and tranquility."

Water is the striking feature of the property with its pools seemingly interwoven with its terraces and the surrounding view. Almost 800 sqm scattered on 2 floors with cutting edge design and furnishings. Master bedroom and four guest bedrooms all with ensuite bathrooms, living room, dining room, fully equipped kitchen, an open-air gym and a spacious spa, whose glass wall provides an underwater view of the pool.

Staff accommodation. Its many terraces and the pool area make it extremely suitable for entertaining.
