This is a brand-new luxury villa, which has been newly decorated in an ultra-modern style with clean lines, and luxury fixtures, fittings, and furnishings. There is an open plan living, dining, and kitchen area with plenty of light coming in from the large louvered doors which lead to the deck. The generous outdoor kitchen which includes a deluxe BBQ, has a covered al fresco dining area, leading into a covered lounge area, and a private swimming pool, with plenty of sun loungers.

A top-of-the-range Japanese bath has been installed in the master bathroom which is perfect for anyone looking to luxuriate and relax. But please note that strictly no bath products are allowed in this tub, it only requires water, and any use of bath products will incur a fine to cover repairs. There is a massage room in the beach house, just get in touch with us directly for more information on booking your massages.

The villa's location within the Jolly Harbour gated community means 24-hour security to ensure the guests' peace of mind. If you are interested in employing a personal chef, private butler service, childcare services, or any other additional staff during your stay this can be arranged at an additional cost.
