"Exceptionally situated along the beachfront of Marbella's 'New Golden Mile', just steps away from the sea, this spectacular Spa villa has been specifically designed for the guests' complete wellbeing and entertainment within their private haven of peace and tranquillity, whilst on holiday along the Costa del Sol".

One of the largest beachfront villas across the whole of the Costa del Sol, this striking contemporary property sits in a quiet residential area away from the crowds of central Marbella, with uninterrupted views that stretch the 50 km across the Mediterranean to Morocco. The lush backdrop of native trees and greenery gives the 4,125 m<sup>2</sup> plot an immediately pleasant ambiance. It also acts as a protective barrier, insulating any sense of the outside world as you enter the exclusive property.

The spacious accommodation covers 2,513 m<sup>2</sup> and specifically tackles every requirement of demanding lifestyle and allocate an area for each purpose. Guests may equally enjoy the privacy of one of the 11 bedrooms, socialize in the huge central lobby, kick back poolside with direct access to the beach, or indulge on the sundeck with rooftop plunge pool. Further features encompass a gym and sauna on the first floor with a full glass facade offering panoramic views of the beach and the Mediterranean.

To the rear of the estate, a fine selection of large villas protect the entrance to this villa's private road, while the vast frontage enjoys wide breaths of the Mediterranean. The views are uninterrupted as the sea and sky frame sublime views of the Rock of Gibraltar and the sprawling mountains of Morocco. The garden with mature trees and tropical plants has a direct connection to the natural dunes and the quiet beach. An indoor pool that blends modern style to classic sensory delights. Enjoy the tranquil and comfortable heated indoor pool, which is located in the basement suite, together with the large cinema, bodega, bar, and the games/entertainment room.
